

Project Kickoff Checklist

Below are items 1 through 7 we need to get done. The DNS swap (item 7) is the last part — we handle that once everything else is approved and ready to launch.

It may look like a lot, but it's not that much. Most of it is content you already have — just need it sent over.

1. GoHighLevel Agency Access

Add me as an agency-level user on your GoHighLevel agency account so the website forms can route correctly to the right sub-account.

Steps (about 30 seconds)

- ☐ In GoHighLevel: Agency Settings → My Staff → Add Employee
- ☐ Email: dmkmkteting33@gmail.com
- ☐ Phone: (708) 790-6337
- ☐ Role: Agency Admin (or Agency User if you want me limited)
- ☐ Save / Send Invite

2. Final Website Feedback

Walk through the demo at ajcg.momentummarketing.io one more time and send any final tweaks — text changes, photo swaps, anything.

Example format: "On the homepage hero, change the subhead to '...' / "Swap Joey's photo on the team page" / "Add this property to Recently Sold."

Anything you don't mention, we keep as-is. Two rounds of revisions are included.

3. Team Page — Bios & Headshots

Right now the team grid uses placeholder initials (JB, AM, MG, TJ, BB, AL, KS, KN). For each team member, send:

- ☐ Full name + title
- ☐ Short bio — 2-3 sentences (background, specialty, what sets them apart)
- ☐ Professional headshot — high-res (at least 800 × 1000 px), portrait orientation
- ☐ Optional: direct phone + email

Sample bio

JOEY BATLINER · Partner — "Joey co-founded AJ Commercial Group after spending six years at one of Chicago's largest multifamily brokerages. He specializes in 12-50 unit dispositions across Chicago and

the southwest suburbs and has personally closed over \$30M in transactions in the last three years."

4. Recently Sold — Property Details

14 of your 57 properties have full detail pages. The other 43 are placeholder cards. We need this before launch too — for each property, send:

- ☐ Name + full address
- ☐ Total unit count + unit mix
- ☐ Property overview — 2-3 paragraphs
- ☐ Property highlights — 5-7 bullets (capex, location strengths, value-add, etc.)
- ☐ Key facts — year built, lot size, submarket, ownership history
- ☐ Listing broker(s) from your team
- ☐ 3-5 high-res photos

Easier option: send the bare minimum (address, units, broker, photos) and we'll draft the overview + highlights ourselves for your approval. Saves you hours of writing.

Plus any new closed deals from the last 30-60 days that aren't on the page yet — send those too. And any extras you want to add even if they're older deals.

5. Google Business Profile

So Google Maps and branded searches point to the new site after launch:

- ☐ Confirm you control your Google Business Profile listing
- ☐ Confirm the website link is set to ajcommercialgroup.com (or update post-launch)
- ☐ Optional: invite dmkmarketing33@gmail.com as a Manager

6. Optional Extras

Send what you have, skip what you don't.

- ☐ Press / media features (REJournals, MultifamilyBiz, podcasts, etc.)
- ☐ Awards (40 Under 40, Top Broker, etc.)
- ☐ Owner testimonials — even one or two strong quotes add a lot
- ☐ New property photography or team video clips
- ☐ High-res logo files (vector / SVG / EPS preferred)
- ☐ Brand color codes if officially documented

7. GoDaddy DNS — Last Step

This is the final step we do once everything else is locked in — flipping ajcommercialgroup.com to point at the new site. Two options, pick whichever is easier:

Option A — Delegate access

- ☐ In GoDaddy: Profile → Account Settings → Delegate Access → Invite to Access
- ☐ Email: dmkmkteting33@gmail.com
- ☐ Permission level: Products & Domains

Option B — DNS values you plug in yourself

If you'd rather keep your account private, I'll send you two DNS records (one A record, one CNAME) you paste in yourself. Takes 5 minutes.

We don't need this until the day of launch. Lock everything else in first, then we handle the domain switch as the final step.

Where to Send Everything

Pick whatever's easiest:

- ☐ Email everything in one shot to dmkmkteting33@gmail.com
- ☐ Or share a Google Drive folder with that email
- ☐ Or text photos and short notes as you have them — (708) 790-6337
